

Charleston Dance Center

May 18th Reopening Rules and Procedures

No more than 25 people in Building at a time

1. Parents must sign our waiver (electronically) in order for student(s) to enter the building.
2. Only students with classes at that time will be allowed in the building. No waiting in the lobby/homework area will be allowed.
3. Parents will drop off at the front lobby doors, but will not come inside the building to wait for their dancer.
4. Parents will pick up dancers from our back entrance at the gate.
5. Please remain in line at least 6 ft apart while waiting to enter the building. Markers will be posted and must be abided by.
6. Every dancer and staff member will have their temperature recorded when entering the building (using touchless thermometers). If anyone is running a fever higher than 100.4 degrees, they will not be allowed to enter the building.
7. Anyone with known exposure to COVID-19 or who has tested positive for COVID-19 should do the following before returning to the facility:
 - Inform Charleston Dance Center of your symptoms.
 - Contact your healthcare provider immediately and get screened to be tested for COVID-19. Keep track of your symptoms.
 - Self-isolate at home. When you are without fever for at least 72 hours without the use of medication & all other symptoms have improved and at least 10 days have passed since your symptoms first appeared, then seek testing for a negative result from a COVID-19 test or a written statement of good health from a doctor.
 - If positive, complete the isolation steps above and be re-tested before returning to the facility.
8. Teachers and staff will remain equipped in protective gear such as masks and gloves. We highly encourage dancers to wear masks in the building.
9. Ballet Barres, tumbling equipment, and other training supplies will not be used during this period to help cut down on exposure.
10. Our new schedule will allow for less than 25 people (dancers and staff) in the building, and classes will have adjusted time to allow for cleaning between classes, and to minimize traffic and congestion.
11. Dancers should arrive dressed for dance class, with the appropriate dance shoes needed and a water bottle. Please do not bring excessively large bags, and remind your dancer to keep their personal items to a minimum.
12. There will be a checklist for cleaning and sanitizing the facility between classes that each teacher will follow.
13. Dancers will wash/sanitize their hands before and after each class. Medical grade cleaning products and hand sanitizers are available throughout the facility.
14. Remind your dancer not to hug or touch others. Teachers will continue to remind dancers in the classroom to maintain an appropriate distance.
15. It is totally your option to come back to the studio. We will still be streaming virtually on Zoom for those who do not feel comfortable coming into the studio.
